

Efficiency Within Easy Reach.

FAMA Round Shelf – efficiency in the round

The FAMA Round Shelf gives you fast, direct access to medicines which are frequently dispensed. The combination of the FAMA Round Shelf and the FAMA Shelving System 300 and 500 provides sophisticated storage of medicine packages arranged by their selling speed. The results are greatly reduced picking times, faster service and enhanced productivity.

Benefits:

- Direct access from the workplace – without having to go far
- Very good visibility ensures that packs are quickly found
- Stocking and dispensing can be done simultaneously from different sides
- Simple and comfortable restocking through magnetic mechanism (patent pending)
- Maintaining the 'first-in, first-out' principle through stocking of sloping channels from the back

Simple operation by rotation of shelves

Fast picking of packs; the next pack quickly slides into place in the sloping channel

Easy restocking by opening a gap between storage segments, which are held together with magnets (patent pending)

Supports the 'first-in, first-out' principle as you stock sloping channels from the back

Optional label holders for fast and clear identification of items
